

Application for Trade Waste approval

Supplementary Form D

Manufacturing/industrial

Council is collecting your personal information for the purposes as outlined on this form. This information will only be accessed by authorised Council officers and will be handled in accordance with Council's Privacy Statement governed by the *Information Privacy Act 2009*. Visit bundaberg.qld.gov.au/privacy for further information.

1. Please provide the following details:

Property address (including shop/tenancy no) where trade waste will, or may potentially be, discharged:

Trading name of the business/organisation:

2. Please select most appropriate options:

Which most closely describes your business/organisation? (select one or more)

<input type="radio"/> Metal fabrication	<input type="radio"/> Metal finishing	<input type="radio"/> Printing	<input type="radio"/> Laboratory	<input type="radio"/> Stone works
<input type="radio"/> Concrete batching	<input type="radio"/> Tanning	<input type="radio"/> Plastics	<input type="radio"/> Photographic	<input type="radio"/> Abattoir
<input type="radio"/> Boilermaker	<input type="radio"/> Brewery	<input type="radio"/> Cannery	<input type="radio"/> Chemical processing	
<input type="radio"/> Paper & cardboard	<input type="radio"/> Glass cutting	<input type="radio"/> Other (please describe):		

Which most closely describes the treatment and disposal of liquid wastewater at your business?

Wastewater discharged to sewer - *The site is connected to sewer via one or more approved pre-treatment device/s. Site/factory/workshop may have wet areas, use pressure cleaners or chemical treatments.*

Dry site - *the site/factory/workshop is not connected to sewer, except for a dedicated hand washbasin for soiled hands. All waste fluids are captured and stored separately for recycling or collection by an approved licensed liquid waste transporter. Floors are mopped or swept, not hosed, and there are no floor drains.*

3. Please provide the following details about your business:

Are all liquid substances that are used or stored on site, contained in a bunded area? Yes No

Do you use, or intend to use, any radioactive material? Yes No

Are there any sub-meters or flow meters installed on the property? Yes No

List all chemicals and commercial formulations used in each process, including cleaning.
 Attach Material Safety Data Sheets (MSDS) where relevant.

Name	Strength (e.g. grams per litre)	Supplier	Daily quantity used

4. Please provide the following details about your devices:

Do you have any of the following: (include sizing/capacity)

Discharged to sewer?

<input type="radio"/> Dilution pit	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Neutralising tank	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Triple interceptor	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Detention/retention tank	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Solids settlement tank	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Silt arrestor	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Oil separator	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Grease arrestor	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Basket trap	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Plaster trap	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Cooling pit	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Silver recovery unit	Details: _____	<input type="radio"/> Yes <input type="radio"/> No
<input type="radio"/> Other:	Details: _____	<input type="radio"/> Yes <input type="radio"/> No

Additional details can be provided in a separate document and attached to this application.

Please provide a detailed description of where the device/s is/are located and attach hydraulic drawings or detailed sketch of the site.

How often is/are the device/s emptied or serviced?

Name of the device contractor/s:

When was/were the device/s last serviced or emptied?

A copy of the latest service docket or contract **must** accompany this application.

Hydraulic plans or a detailed sketch clearly indicating trade waste drainage and fixtures must accompany this application. Please attach any other supporting information to this document.

This information has been provided by me to the best of my knowledge and I understand that this information may be used as part of the assessment for trade waste approval for the above mentioned premises.
